## WIDNEY AGAIN UNDER ARREST

### 'PANDERING' IS LATEST CHARGE

Vivian Lyons Also Accused of Disorderly Conduct

Limelight Once More Plays on Spectacular Couple

SAN FRANCISCO, April 16.—Robert J. Widney and Mrs. Vivian Lyons, who occupied the limelight in San Francisco for months, from the time of the sensational shooting of the men until the time when the two were separated, and Widney escaped from a sanitarium to join her, are again in trouble. They have been arrested in Chicago where they fled when the police of San Francisco made them trouble. This is the news received by the detective bureau today, when the Chicago authorities asked for the local record of the pair.

Widney, son of Judge Widney of Los Angeles, and heir to a fortune, has been arrested on an alleged charge of pandering. Mrs. Lyons, who in Chicago posed as his wife, was found in a room in a fashionable hotel, nearly helpless from drugs. Taken to a hospital, she gave her real name as Lyons. She is held by the Chicago police on a charge of disorderly conduct.

The man gave his address to the police as Los Angeles, and the pair were under arrest for some time before the police remembered the San Francisco sensation. The police then at once asked details, that they make no mistake charging the man.

Widney, in San Francisco, was shot through his affections with the Lyons woman, whom he afterward retained. It was never officially proved that she fired the shot, and he insisted that the affair was an accident. They came to San Francisco after his recovery, and lived together. Once, overcome by drugs, she spread an alarm that she and Widney were about to kill themselves. He was taken to a sanitarium in San Mateo county, and she to a San Francisco

### Jockey Club Abandons Plans for Race Meet

TULSA Okla., April 16.—As the result of the refusal of Adjutant General Cantor to withdraw state troops from the Tulsa Jockey Club track, R. J. Allison, president of the club, today announced the abandonment of the race meeting, which began here Monday. The racecourse has been under martial law for several days because of the failure to discontinue betting.

VISIONS of the frowning guns of United States battleships have brought the stubborn Huerta to a round turn. Rear-Admiral Badger is on the high seas with the big ships of the Atlantic fleet, headed for Tampico. Some of the vessels may be recalled as the result of Huerta's latest stand. Guaymas will be a harbor for the Pacific fleet. Rear-Admiral Mayo is at Tampico, where Huerta is to salute the United States. The customs house at Vera Cruz is a veritable gateway to Mexico and would be seized by the United States in case of war.

### ROBBERS USE RUSE

Plunder Cyclists Who Stop to Repair Supposed Slow-Outs.

Highway robbery of motorcyclists along the foothill boulevard committed in a most unusual manner during the last few weeks has puzzled the police and township officials, whose every effort to capture the robbers has so far proved unsuccessful. Constable William Allen of Brooklyn township has received numerous complaints, but in each case reported the drivers of the motorcycles refused to give their names or those of the women who accompanied them on their night rides into the suburbs.

By throwing an electric light bulb into the roadway confederates of the bandit men caused the cyclists to stop their machine under the impression that one of their tires had exploded. When the machine comes to a standstill a short distance beyond the couple are confronted by a man who holds a revolver at them and demands their valuables.

For several nights past the officers have lain in wait in an effort to apprehend the robbers. A few nights ago Constable Allen received a complaint from a motorist who had been relieved of \$17.50. The man refused to give his name, stating that he did not wish to involve his woman companion.

This method has been used many times lately in taking advantage of motorcyclists' riders' said Constable Allen. "In each case machines with women on the rear seat have been stopped by the ruse of someone throwing an electric bulb into the road, making a false alarm like the breaking of a tire."

### FAVOR COMPROMISE

Railroad Commissioners Approve Local Transfer of Home System.

Assistant City Attorney Charles A. Beardsley today received word from the state railroad commission that it has agreed to the terms of the telephone compromise proposition, involving the transfer of the Home Telephone Company franchise to the Pacific Telephone and Telegraph Company. Beardsley will present an ordinance to the city council tomorrow setting forth the terms of the transfer and carrying out the terms of the compromise.

The action of the State Railroad Commission places the stamp of approval of that body upon the compromise as prepared by the office of the city attorney of Oakland. The compromise has been under consideration for some months, and several concessions were made to this municipality before the final agreement was reached.

The terms of the compromise are substantially as follows: That the Pacific concern shall be transferred to the old Home franchise, which has not been used for two years.

TO PAY CITY. That under the Home franchise, which has 12 years longer to run than the one under which the Pacific is presently operating, the company shall pay to the city two per cent of its gross annual revenues from this city. This will amount to over \$19,000 for the first year, and will gradually increase over a period of 12 years during which the franchise

### State Debt Case Argued in Court

WASHINGTON, April 16.—The long-fought Virginia-West Virginia state debt case was presented to the Supreme Court again yesterday in oral arguments. ### Holds Wife Has Sole Right to Name Child

LOS ANGELES, April 16.—Judge Charles Monroe, presiding over the divorce department of the Superior Court, rendered a decision today that a wife has absolute authority in the naming of children. ### City's Road Roller Strangely Missing

BERKELEY, April 16.—The street and police department of this city are endeavoring today to locate a stolen street roller. The roller was loaned by the street department a week ago to Mrs. Jack LeStrange of West Berkeley, the widow of a former Berkeley policeman. ## WILL APOLOGIZE FOR INSULT TO AMERICAN HONOR

### Republic Promises to Accede to the Demands of United States; Wilson Orders Salute Returned

BULLETIN.

WASHINGTON, April 16.—Late today Secretary Bryan dispatched a communication to Charge O'Shaughnessy. Its contents was not revealed here, but were understood to be an acceptance of Huerta's offer for a salute, which will be acknowledged by the American ships.

BULLETIN.

NEW YORK, April 16.—The battleship Louisiana steamed out of the harbor this afternoon bound for the naval rendezvous at Tampico.

WASHINGTON, April 16.—Huerta has promised Charge O'Shaughnessy to salute the American flag in apology for the arrest of American bluejackets at Tampico.

The only condition attached was that the American ships fire a salute in acknowledgment. Officials close to the President said this was in accordance with the naval practice of nations and according to precedent.

The news was received today at the White House just as Secretary Bryan and Acting Chairman Shively of the Senate foreign relations committee went into conference with President Wilson. Unless Huerta changes his attitude the crisis promises to pass over within the next twenty-four hours.

It was authoritatively stated that the only point remaining to be determined was the number of guns to be fired and that this would be speedily agreed on. At the State, War and Navy Departments officials considered the crisis passed.

### WARSHIPS TO TURN BACK.

Unofficially it was stated that if the salute were fired, some of the American warships now speeding to Mexican waters would be turned back.

Word of Huerta's decision virtually to accede to all of the American demands came to the White House as the result of an executive session of the Mexican Senate to which Huerta outlined the entire situation.

"The situation is very encouraging," said Secretary Bryan after he received messages from Charge O'Shaughnessy, in which General Huerta's attitude was described as yielding. Mr. Bryan and Acting Chairman Shively of the Senate foreign relations committee both emerged from the White House smiling.

The House foreign affairs committee today adopted the following resolution:

"Resolved, That the action of the President of the United States in the Tampico incident is sustained by the committee on foreign affairs of the House of Representatives."

### U. S. TO RETURN SALUTE.

President Wilson, describing his advices from Mexico as "very encouraging," told callers late today that there was no known precedent against returning a salute and that, in the nature of things, the United States would return a salute when fired.

The President held that no recognition would be involved in returning Huerta's salute and that when it was fired, the incident would be closed, apologies having been made for previous offenses.

Mr. Wilson denied that at any time during the negotiations prior to today had Huerta offered to fire any salute, though some subordinate officials did attempt to sound out the American government on the question of saluting the Dolphin. That was regarded as a private salute to the Dolphin and not to the American flag, and was declined.

The President made it clear that orders to the Atlantic and Pacific fleets had not been changed. No time limit has been set for the salute, according to the President, and the final word on the Huerta offer had not been passed at 3 o'clock p. m.

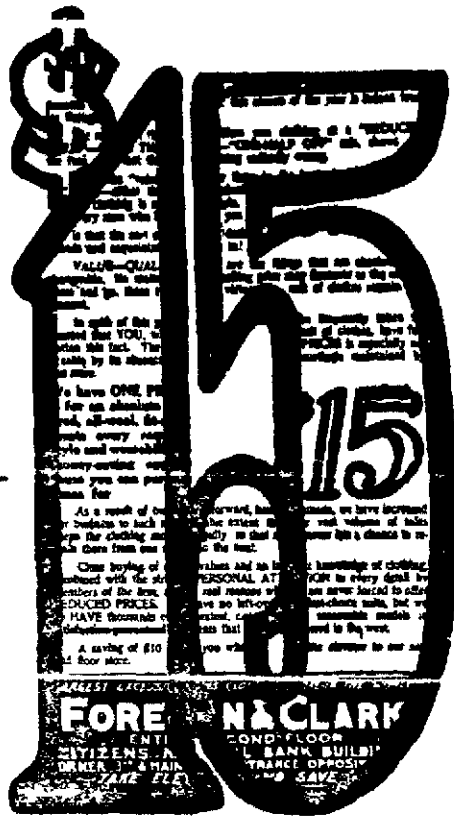

### NOT RECOGNITION OF HUERTA.

Senator Shively said that it was the international custom to return such salute as is demanded from the Huerta government. "If Huerta yields," said Senator Shively, "and should fire a salute to the flag that salute, of course, would call for a return salute from the American fleet. Such return salute could be considered as a recognition of the Huerta government."

# DON'T BE A RUTUALIST!

Rev. Dr. Baker P. Lee, one of California's most far-seeing, manly, sincere and fearlessly outspoken preachers, says a Rutualist is a man clinging to his old-time rut-like ideas without permitting his red blood to develop enough to show him the difference between rutualism and up-to-dateism.

—that every man, even above being a business man and a gentleman, should be a true red-blooded American Man.

—and, that a man who does not let the red blood in his veins speak out and count for something, will never count for anything himself, because such a man is only a Rutualist, and a Rutualist is a back number of the most valueless kind.

Walter J. Laymance, real estate dealer, stood up and presented himself before Judge George Samuels. "What am I charged with?" asked Laymance.

"Speeding on the Boulevard last Sunday," explained Talbot.

"But I wasn't out riding," declared Laymance.

"That's not the man I arrested," interposed Patrolman Kiel, "but he gave his name as Laymance." The court explained, nevertheless, until it was explained that Laymance's chauffeur, when arrested, had inadvertently given the name of the owner of the machine. The customary fine was imposed.

hospital. He escaped from his custodians at the hospital to return her and the San Francisco police served notice that, if they attempted to live together in San Francisco again they would be arrested. They then left the city.

In Chicago they were found in a fashionable hotel. The woman had been taken to a hospital in a drugged condition, and gave her name as "Mrs. Lyons." Later she joined Widney at the hotel under the name of "Widney." Becoming suspicious, the police arrested the pair.

**MAKES SERIOUS CHARGE.**

CHICAGO, April 16.—The arrest of Robert J. Widney, a real estate dealer of Los Angeles, last night was the result of a trifling quarrel with his wife, Mrs. Vivian Widney, according to statements made in the immorals court today.

The policeman who arrested Widney told the court that Mrs. Widney had declared that her husband had attempted to place her in an improper house several months ago. Because of the statement Widney was taken to the police station.

Mrs. Widney refused to sign a complaint against her husband and he was allowed to leave the police station. Three weeks ago the two gained notoriety when the woman who then gave her name as Vera Lyons, was found unconscious, apparently from poison, in her room in a downtown hotel.

Mrs. Widney today said if she had made a charge that her husband had violated the Mann act she must have been hysterical at the time and could not have known what she was saying.

Widney said that he was about to leave for California and that his wife did not want him to go. "I gave her \$100 and told her I would send for her in a few weeks or send her more money. She began to scream and that caused the trouble. It was just a little spat."

The charge of disorderly conduct against the woman was dismissed.

LOS ANGELES, April 16.—A few minutes after James O'Hara had reported early today that he had been held up and robbed by a woman bandit on the east side of the city, Walter Close, another resident of the same neighborhood, telephoned to the police that a woman robber had accosted him.

But while she took money from O'Hara, she exacted a kiss from Close and he said he did not know whether she considered that sufficient loot or something of value.

The inheritance tax due on the California property is \$37,905.14.

The estate of Charles E. Anthony, who died at Los Angeles last October, will pay an inheritance tax to State Controller Chambers of \$10,532.30, less 5 per cent if paid before April 27. The gross value of the estate is \$3,201.23.

### Argue Legality of Sulzer Impeachment

ALBANY, N. Y., April 16.—The state court of appeal met today to hear arguments on the question of legality of the impeachment and removal from office of former Governor William Sulzer. The proceedings, which were instituted by Mr. Sulzer himself in an effort to have the United States Supreme Court pass on the validity of the impeachment, were brought against William Sulzer, state comptroller to compel him to pay the former executive the salary of governor from the date of his removal.

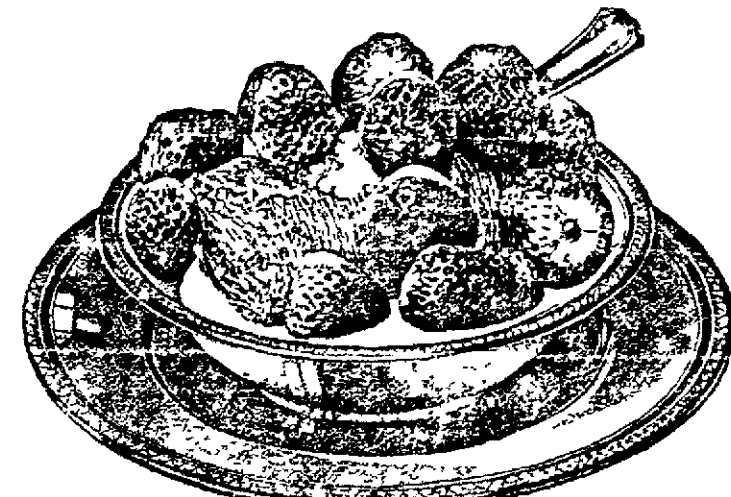

A peculiar feature of the action is that the judges of the court of appeals who were members of the court of impeachment, are asked to set aside the verdict for which they voted when Mr. Sulzer was removed from office.

## WAS TO WED REV. BARKER OTHER DUPES APPEARING

"REV." G. A. BARKER, WHO IS ACCUSED OF FLEEING SEVERAL MEMBERS OF OAKLAND CLERGY.

Telegrams received by the Oakland police department today brought the information that G. A. Barker, the man arrested yesterday afternoon for representing himself to be an Episcopal divine after he had attempted to pass checks in this city, is wanted in Denver for passing a check for \$750 in payment for a diamond brooch and in Los Angeles for passing a check for \$50. Barker is still being held by the Oakland police, but will be turned over to the San Francisco authorities today, as a warrant is held for him in that city on a charge of check passing, and the Oakland police do not consider the case they have against him to be sufficiently strong.

Barker used the name of the "Rev. E. C. Cameron, Baptist minister," in working in Denver. He is said to have paid court to several women in that city, where he purchased jewelry extensively with the aid of bogus checks.

Barker used his own name in Los Angeles with a reverend before it, where he is alleged to have passed a check for \$50.

The police received word today that Barker attempted to pass a check for \$25 for a hand bag and suit case with which he was preparing to go on his honeymoon with Mrs. C. L. Koch of Pacific Grove, N. J., 1517 Tenth street, on whom he attempted to pass the check, saw Barker take one check out of his pocket, look at it, and return it to his pocket, and then he left.

His actions aroused the suspicions of Rofke and he refused to accept the check.

### WOMAN TELLS STORY.

Telling a story of being duped into loving the man whom she believed a clergyman and who, in reality, the police say, was planning to fleece her out of several thousand dollars, Mrs. C. L. Koch, located last night by the police in San Francisco, will add another charge, it is declared, to those threatening Barker. The woman declares that she would have married "Rev." Barker today, had not the police expose come. The police believe that, had she done so, it would have meant the man's flight with her money.

Mrs. Koch, located at the Hotel Gibson in San Francisco following Barker's arrest yesterday, was interviewed by Oakland and San Francisco detectives, and as a result it is so far undecided whether to bring the San Francisco or Oakland charges against him. He is accused of forging the name of Rev. Edgar F. Gee, and of trying to victimize Rev. Clifton Macon, Rev. Aveling Spencer and others.

Warnings had been issued against the man through other ministers, and Macon, when the man came to him asking the endorsement of a check, and stating that he planned to be married at the Hotel Oakland, caused the arrest.

### TELLS OF HER RELATIONS.

Mrs. Koch at first refused to believe that the man was what the police declared, but later told the details of her relations with him.

"I was to have married him tonight," she said, "I simply can't believe that he has done anything wrong. He always treated me with the greatest courtesy and seemed to have high principles.

"I met him at the Key Route Inn. I had seen him there before and when one day he showed me some little courtesy we fell into a conversation. Then he told me where he was from. We met about three weeks ago. As I got better acquainted with him, I fell in love with him and when he spoke of his loneliness and declared his love for me we decided to marry.

"Before that he told me that he owned a \$15,000 ranch at McMillinville, Oregon; that he was going to retire from the ministry and that he was about to raise \$7000 on his property.

### OFFERS UNSECURED LOAN.

"Then it was I told him that I was in San Francisco to secure \$6000 by mortgaging my property at Pacific Grove. He told me not to do that,

and that since we were to be married there was no need for my giving him security."

"Oh," added Mrs. Koch, "he looked so good and kind, and the little gold ring he wore on his finger made

me feel such confidence in him, that I believed everything he told me." The police say that Barker has no property; that he was never ordained a minister of the gospel; that he has had trouble in other places besides San Francisco and that he was for years in the dry goods business in Tracy.

Sometime later on Mrs. Koch went to the Central Police Station to see Captain of Detectives Agnew and convince herself of what kind of a man Barker is. As she left she said, "I still have nothing to say of him but what is good. I won't turn against Mr. Barker until I see with my own eyes what he has done."

Mrs. Koch had gone from the Hotel Morton, 593 Van Ness avenue, to Oakland to see Barker.

### STILL IN OAKLAND JAIL.

Over the Rev. Barker is still in the Oakland city jail and will be turned over to the San Francisco police if no charge can be made against him in Oakland. He is said by the authorities to have forged the name of the Rev. Edgar Fee, formerly pastor of St. John's Episcopal church. It is also believed he tried to victimize the Rev. Macon, the Rev. Aveling Spencer and the Rev. Dr. Phillips. Barker uses the aliases of the "Rev." G. A. Wilson and G. A. Wright.

Dressed in full clerical attire, Barker dined with the Rev. Macon and his wife Monday evening. From remarks dropped by Barker the Rev. Mr. Macon became suspicious. He communicated with the police and the next day led Barker to the city hall. He was taken into custody by the detectives as he was trying to break away from the Rev. Mr. Macon at the entrance of the building. Barker tried to run away when he realized where he was.

Barker refuses to discuss the charges against him and declares that he was ordained by Bishop Brown in Arkansas several years ago.

## M. CLAUGHRY PAID BIG SUM BY WIFE

Stepsister's Suit Divulges Settlement of \$275,000 for Divorce.

Mrs. Anita Baldwin McClaughry paid her husband, Hull H. McClaughry, \$275,000 for allowing her to obtain a divorce from him and to have custody of their two children, Dexter and Baldwin, except during vacation time. The divorce was granted by Superior Judge T. W. Harris on July 16 last on the grounds of cruelty. At the time it was intimated that the settlement made by Mrs. McClaughry upon her husband was approximately a quarter of a million dollars.

Through the filing of a suit against McClaughry yesterday by his stepsister, Alice J. Vioget, the monetary settlement between the "Lucky" Baldwin heiress and the former San Francisco assistant postmaster was made public. Mrs. Vioget alleges that

between herself and McClaughry to the effect that he had agreed to recompense her for services rendered to him in bringing about the settlement with his wife. She has sued for \$59,500 with interest from last August at the rate of 7 per cent. Mrs. Vioget says that McClaughry paid her \$150,000 on account of the settlement, but there had not been a specified amount stipulated upon between them, but Mrs. Vioget says that he agreed to pay her

That McClaughry had received \$100,000 from his wife at the time the divorce was granted. She claims \$175,000 more within the next two years are the allegations of Mrs. Vioget in her suit.

The McClaughrys had been at loggerheads for some time prior to the divorce, which was filed in Los Angeles county last June. The husband had "kidnaped" the two children and taken them to his father's ranch near Galt in San Joaquin county. His wife caused the party to be pursued by detectives and on the other hand McClaughry with an armed bodyguard made a determined fight to retrieve the children. His wife secured a monetary settlement with her. He denied the allegation.

### TRUCE ESTABLISHED.

After several days' parleying between the watchful pursuers in the employ of Mrs. McClaughry and the waiting retainers of her husband the sheriff of San Joaquin county took a hand and established a truce. Then the children were turned over to the courts in San Francisco. McClaughry transferred his wife's suit to this county. She testified before Judge Harris that the treatment accorded her by her husband had caused what the physicians termed "herpes zoster." After a brief hearing the decree was granted with the understanding that the property rights of the couple would be settled out of court. The two children were to be with their mother during the period required to educate them. On vacations the father was to have their company.

Since the divorce action McClaughry has been involved with his stepsister over the \$200,000 estate of the late S. C. McClaughry. Mrs. Vioget sued the elder McClaughry for an accounting of her mother's share in the estate. Mrs. S. C. McClaughry, formerly Mrs. William Russell, and mother of Mrs. Vioget, who died intestate October 7, 1911. Samuel McClaughry, the father, died on November 7 last at the home of his son, 17 Plaza drive, Claremont, at the age of 77 years.

## Green Arrives to Face Accusation

SAN FRANCISCO, April 16.—Edmund Frank Green, former president of the Pacific Coast Casualty Company, whom State Commissioner E. F. Cooper accused of being \$20,000 short in his account, arrived in San Francisco today.

Green did not communicate with District Attorney Fickert up to noon and did not appear at police headquarters. There is no charge against him and no warrant has been issued. When the news of Cooper's accusation reached Green in New York, he stated that he would come west at once and face any charge that might be made.

## INSURANCE DAY TO BE BIG EVENT

Idea Hailed as Clever by Underwriters Throughout the West.

SAN FRANCISCO, April 16.—"Insurance Day" has caught on. Insurance men throughout the west are writing letters of congratulation to the commission of the World's Insurance Congress, and the suggestion comes from Spokane that the celebration be made national in character each year.

Hereafter, the spring "Clean-up" and "Fire Prevention" days will have a much broader significance in California, as it will be known as "Insurance Day."

Every branch of the underwriting profession is interested in the proper observance of this day, as it gives an opportunity to teach fire and accident prevention and health conservation. Civic and commercial organizations, as well as insurance associations are interested.

S. F. LOGICAL STARTING POINT. San Francisco is the logical point from which to start this great national educational campaign. The great conflagration of 1906 proved to the world the importance of the protection afforded by the insurance companies. Temporary relief came from voluntary contributions, but the permanent relief and the money which really rebuilt the city, came from the insurance companies.

The entire State of California rejoices in the fact that the city which was so completely destroyed and is now being rebuilt is the city which was the first to receive visitors even before the exposition opened.

The work of the insurance companies is strictly constructive in character. They are to replace as far as possible that which has been destroyed or lost.

In these days of scientific city planning, the proper observance of "Insurance Day" will give those engaged in all branches of the insurance profession an excellent opportunity to assist in educating the public how to live, how to avoid sickness and accidents, how to prolong and enjoy life, how to build better homes, to build better cities, and to make better citizens.

RECOGNIZE WIDER DUTIES. The insurance companies are beginning to realize that it is their duty to prevent death, prevent accidents, prevent fires, as well as to pay for losses. The program for the "Insurance Day" celebration is as follows:

INSURANCE DAY PROGRAM.

## QUEEN INVITED TO HONOR DINNER

American Peace Centenary  
Committee Extends Request  
to Eleanor of Bulgaria.

NEW YORK, April 16.—An invitation to Queen Eleanor of Bulgaria to attend a dinner in her honor on her arrival in New York was cabled on April 13, to the prime minister of Bulgaria by the American Peace Centenary Committee. It was announced today by John A. Stewart, chairman of the sub-executive committee.

Dr. Vassily Radoslavoff, the prime minister, answered that the Queen was much touched by the kind invitation and would cable her decision later.

The sub-committee met here yesterday to go over the contracts for many of the memorials to be dedicated with the opening next year of the celebration of the hundred years of peace between English-speaking nations.

MANY MEMORIALS APPROVED. Memorials costing a total of \$100,000, were tentatively approved. Sums of from \$35,000 to \$75,000 each were set apart for statues of Lincoln in London, Francis Parkman, the historian, in Ottawa, Canada, and Queen Victoria, in Washington, D. C.

Free educational trips abroad for newspaper men of all countries are to be instituted with the proceeds of one of the funds available for the committee's use, it was announced.

Ignorance of foreign countries causes writing which engenders friction, while foreign travel for newspaper men would help to bring about peace, it was pointed out. To writers of poems, hymns and essays extolling peace and the centenary celebration, \$10,000 in prizes will be distributed. A gift of \$10,000 was voted to the city of Ghent, Belgium, where the treaty of 1815 was signed.

TO ERECT PEACE MONUMENTS.

The Washington homestead in England, Sulgrave Manor, will have its name perpetuated in the erection of the monument to be established there to further peace, through lectures of representative of foreign countries. At all capitals, beginning with Berlin, a monument typifying America's message of peace to the nations of the world, will be erected, at a cost not yet ascertained. Money will also be disbursed to churches and schools taking part in the celebration.

San Joaquin and Calaveras  
County Workers Will Meet

Stockton, April 16.—Christian endeavor workers of San Joaquin and Calaveras counties will hold a convention in this city next Saturday.

Among the speakers this year will be W. P. Winnett of Fresno, president of the State Christian Endeavor Union; Paul C. Brown of Los Angeles, field secretary of California Christian Endeavor Union; Miss Mabel Cutler, junior superintendent; Dr. H. This was the second trial.

Fresno, April 16.—This was pay-day for seven county dairymen for March and checks for approximately \$10,000 were turned over to them by the managers of the milk-coopering plant.

Chico, April 16.—The Southern Pacific is preparing to abandon its branch line from the west side north line to Hamilton City. This will practically isolate Hamilton City so far as railroad communication is concerned. The Northern Electric has already suspended operations to the sugar town and will tear up its tracks between this city and Hamilton City.

Martinez, April 16.—The building of a packing house in this city where hundreds of tons of shad will be packed for shipment to China has been started by R. and C. Stevens. The shad, which is taken from Suisun bay will be packed here in brine and exported to supply the large and increasing demand in China. The shad packing industry is developing in local business.

Fresno, April 16.—Ah Mon, a pioneer Chinese resident, was today forcibly ejected from his little hut on F street, which has been condemned for years. Mon has served time in jail for violating the fire ordinance by not keeping his place clean. When the trash became so high in the one room that the Chinese could not enter through the door he tore a hole in the roof and entered his shanty in that manner.

Fresno, April 16.—Ellsworth Beeson, Sanzer real estate dealer and speculator, appeared in the Superior Court yesterday and entered a plea of not guilty to a charge of obtaining money under false pretenses, following the burning of his heavily insured property. ## PROF. N. C. MAYNARD TO ADDRESS LOCAL W. C. T. U.

Prof. Newel C. Maynard of New York, and one of the staff of the Society of Broader Education, who is to lecture in St. King hall Friday and Saturday under the auspices of the Oakland Central W. C. T. U. has made a special study of psychology, both in this country and Europe. He is a graduate of Dartmouth College and of Bangor Theological Seminary. While a student in the seminary he occupied the pulpit of the church in a nearby town. One stormy Sunday he, through his desecration, arranged for his members, who were fortunate enough to have telephones, to take down their receivers at 11 o'clock, a photograph was placed before the transmitter and the service opened by a selection from a male quartet, which rendered "Rock of Ages." The Scripture lesson followed, later the text, and a ten-minute sermon. Then he wished his people a happy time by their own firesides. Professor Maynard has had many experiences in his study of psychic phenomena and has pleasure and profit to all who are disposed to hear his three lectures. Friday evening at 8 o'clock his subject will be "Men and Women." Saturday at 8 p. m. "The Happy Child." and Saturday evening, "Those Who Win." All should hear him.

## COUNTY FLOWER SOCIETY TO HOLD EXHIBITION

The Alameda County Flower Society decided last evening to hold a flower show in the Chamber of Commerce building, May 15 and 16. It is expected that roses will occupy the center of the stage in this show but other flowers will also be well represented.

The attendance at the last show of the society indicates the interest which Alameda county flower lovers are taking in these exhibits. The members of the society have arranged all flower lovers to prepare for making an exhibit as the

great value of these shows is not in the demonstration of the success which follows the work of the small grower in the home gardens.

## ROOSEVELT GUEST OF MARE ISLAND

Naval Dignitary Greeted With  
Fitting Ceremony by the  
Yard Officials.

MARE ISLAND, April 16.—Mare Island greeted Assistant Secretary of the Navy, F. D. Roosevelt, at 10 o'clock this morning. As the flagman, Lawrence, passed the receiving ship, Warhield, a salute of 21 guns was fired. Commandant F. H. Bennett, U. S. N., and other officers of the yard awaited the secretary at the flag and escorted him to the commodore's office. The morning guard and band paraded near the gate house in honor of the secretary, as he passed by. Secretary Roosevelt spent most of the afternoon with the yard officials, in-

as the day for the afternoon. While at the yard he will be the guest of Commandant F. H. Bennett, U. S. N., and will remain at the commodore's home tonight.

Employees having grievances are expected to take advantage of the secretary's courtesy and will see him after working hours today.

This evening in company with Commandant Bennett and several other officers, Secretary Roosevelt will come over to the commodore's home for a dinner. Executive Committee and will be the honored guest at a dinner to be served by the U. S. N. at the commodore's home on Saturday.

Secretary Roosevelt is to leave Mare Island at noon Friday and will return to San Francisco by the Lawrence. He is due to depart for Bremerton before the week is over.

Before coming to Mare Island today, Roosevelt paid a short visit to Sausalito to inspect the Pacific coast boat reserve base there, which was visited by Lieutenant John Pond, U. S. N., in reference to Mare Island. Pond has the Lawrence, Hull and Preble at the Sausalito and the crews of the three vessels are more than anxious to have the assistant leave orders for the return of the destroyers to Mare Island. Outside of the fact that Sausalito is closer to San Francisco than the old Mare Island base, there is seemingly no other good reason why the destroyers should be based at Sausalito. It was only a few weeks ago that the three boats were in danger of dragging their anchors in a storm and being turned upon the beach. It is said that Lieutenant Pond and the other officers were badly frightened for a time and the crews were of the opinion for a few days afterwards that the boats would again return to Mare Island where they would be protected from any storms. The swells caused by the passing ferries are so common that the boats are as much in danger of being turned upon the beach as they are of being blown away by a storm. It is nearly impossible for the men to remain in their bunks or keep their feet while on duty.

## TO SELL BIDS FOR BIG WHARF BULKHEAD

VALLEJO, April 16.—Owing to the fact that City Attorney W. T. O'Donnell is making such satisfactory progress with the claimants to the wharf area between North and South Vallejo the city council this morning decided to sell the \$100,000 bond issue which was authorized for the construction of a bulkhead from the foot of Broadway street to the Port Costa Lumber Company's wharf and City Clerk Edgumbe was directed to advertise for bids for the bonds, proposals to be opened Tuesday morning, May 5, at 11 o'clock.

## KILLS HIMSELF IN FIT OF DESPONDENCY

VALLEJO, April 16.—While suffering from a fit of despondency last night Christopher O. Smith, known as "Jimmy" Smith, killed himself at his home at 526 York street by shooting himself through the head with a 25-caliber revolver. The act was committed between 8 and 9 o'clock, and his dead body was found by his wife, Mrs. T. W. Smith, when she returned home about 10 o'clock.

## PLEADS TO RE-ENLIST "TO GET INTO ACTION"

WASHINGTON, April 16.—Anxious to get into action, C. H. Campbell of Jasper Station, Texas, yesterday appealed to Secretary Daniels for reinstatement in the navy. Campbell served in the navy in 1908 and was honorably discharged with a good record in 1912. In a telegram Campbell says:

"Please reinstate me in the navy at once and send me to the fleet most liable to be in action. I was discharged October 2, 1912, as first-class hospital apprentice. Have a doctor's certificate as to physical ability. Give me a chance."

The navy department today authorized his re-enlistment.

## HOW TO DARKEN GRAY HAIR

By a Hair Specialist.

A very satisfactory preparation which darkens gray hair and acts as a hair restorer. It can be made at small expense and in your own home by dissolving a small box of hair compound in 7 ounces of water and then adding an ounce of bay rum and a quarter ounce of glycerine. Any drug store can furnish these ingredients. This is to be applied once a week until the hair is sufficiently darkened, then every two weeks. It keeps the hair soft and glossy and the scalp in a healthy condition. It may be used with equal success in coloring the beard. This is a new discovery that gives permanent results. It is a remedy for all hair disorders, and it is well worth a try. You will find it the best and most successful remedy for gray hair and much less expensive.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

Hopkinton, Me.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound, and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hopkinton, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

(CONFIDENTIAL) LYN. Read for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

SHOT WHILE TRAPPING BURGLAR

Patrolmen L. La Place Badly Wounded in Encounter

Worries Over Escape of Assailant With Plunder

SAN FRANCISCO, April 16.—Patrolman Louis La Place, the hero of the hunt between the unemployed man to be injured in that encounter, lies today seriously wounded at his home 2574 Thirty-first avenue, as the result of being shot by a burglar late last night. Absolutely unconcerned about his injury but worried over the escape of his assailant, who had successfully accomplished a robbery in the Ingleside district, La Place absolutely refused today to be taken to a hospital.

Dr. A. H. White of 750 Victoria way, who was called to the scene, said that the bullet had penetrated the groin but that the officer had a good chance of recovery. The assassin, together with Dr. A. P. C. Green, police surgeon, visited La Place this morning and found him quite feverish. The attack of the burglar was the result of a trap laid for him by La Place, together with Detectives McGrath and Suttman, and Policeman Thomas May of the Ingleside station.

For nearly a week the officers have been on the trail of the culprit and yesterday when he got away with loot valued at \$1000 from the home of J. S. McCormick of 112 Cortina avenue they reached their efforts to capture him. Last night he made an effort to enter the home of A. P. Heisse, 133 Victoria way. Heisse emptied a revolver at him and the shots attracted the police, who separated and attempted to form a drag net. La Place alone scrambled on the thief, who was hiding behind a clump of bushes. Although the officer had his revolver in his hand the burglar beat him in the play and fired, dropping La Place with a dangerous wound. The patrolman opened fire, but failed to hit the burglar, who fled in the darkness.

La Place was detained by Chief White, in the garb of a down-and-out, to join the army of the unemployed. He was General Krull's chief lieutenant and left the cohorts of the jobless after they had been placed on trains and shipped east from Richmond.

LAFF & FENNOYER COMPANY American Lady Corsets

Portray Perfection in Corsetry

The season's showing of American Lady Corsets comprises all that is correct in corsetry. Designs are the last word. Materials and trimmings are rich and dainty. Workmanship is flawless. Fitting is perfection.

American Lady Corsets represent an infinite number of designs, some reflecting the latest and most ultra features of fashion, others more conservative in their style. There are also models of the modish soft materials and flexible

boning, these for slender and medium figures, attaining the fashionable silhouette of the free, drooping figure. There are models showing heavier materials and boning, provided for average and medium figures, requiring more substantial support. There are models showing very heavy materials and boning for stout figures, many of these having special features for confining and reducing. There are the very modish extremely low bust and extremely long hip types. There are the medium bust and medium hip. There are even a few high bust and short hip. In a word, whatever is demanded in figure or fashion, is reflected in American Lady Corsets, and, moreover, it is superior, supreme in style, service and satisfaction.

It is with pleasure we present the more advanced and later models for careful consideration, being confident that, for incomparable values, American Lady Corsets for 1914, absolutely dominate.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your back hurts or bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the ash of grape and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

R. R. COMMISSION DENIES COMMODITY RATE BASIS

SAN FRANCISCO, April 15.—The citizens of California have been saved a quarter of a million dollars by the refusal of the Railroad Commission to grant the application of the Pacific Freight Traffic Bureau to place all business on the basis of the commodity rate. This provides for a minimum of 100 pounds and places the sending of a dozen cans of cream by rail in the same class as the dispatching of two cases of literature, which would weigh about 100 pounds. The commission holds that this would be discriminatory against the small shipper and provides that the minimum rate of 25 cents shall remain in effect. It is ordered that a schedule of rates be submitted by the various railroad companies composing the traffic bureau showing what would be the advantage of the commodity rate as against the minimum rate.

WIFE SAYS HUSBAND IGNORED HER FOR GIRL

SAN FRANCISCO, April 16.—Mrs. Beata Perez, carrying her child in her arms, stood on the docks to welcome her husband, Charles E. Perez, on his arrival here after a trip at sea some time ago, and waved frantically to him as the boat neared the wharf.

She received in response only a quiet lifting of the hat on the part of her spouse, who continued an animated conversation with a young woman and failed to come ashore although she waited until even the crew had left the ship. These facts are related by Mrs. Perez in a letter to the Tribune.

was not until she had proceeded for six blocks on her way that her husband overtook her, and she decided to follow him.

## "I SAW CLOTHES WALK" ING DOWN THE STREET WITH HER COUSIN FROM NEW YORK

"You have no idea how much prettier and more stylish she looked than I did her cousin. I was awfully surprised because Florence has always told me how much money Elsie spends on her clothes."

"Then I really appreciated what a blessing CHERRY'S CREDIT PLAN is to us who live here. Florence trades at Cherry's as exclusively as you, you know."

"You remember, Florence bought one of those \$19.50 suits of Cherry's the same day I got mine. It's nothing like my French blue crepe—it's a nobby checked stuff, a tailored effect. I don't believe I ever saw a suit of special values like those suits that included so wide a variety of pretty styles."

"I think I'll get a new waist at Cherry's. I peeped in there after the fashion yesterday, and their waists are simply stunning. As long as I can pay for it a few dollars at a time it

## CLUB GIVES FIRST OF 'NILE NIGHTS'

Entertainment Inaugurating  
'At Home' Evening Proves  
Popular.

The first of a number of Nile nights was the medium for entertaining the club members of that popular organization last night at their Thirtieth street home. Charles Smith was the chairman of the evening. Among those who spoke were President Claude Sartori, H. C. Capwell, Jr., H. E. McMahon, Harry Polifer, Will Hill, Ben Heath and Gerald P. Beaumont. The Nile quartet presented a musical program.

Every Wednesday night has been designated as "Nile Night" and the club members hereafter will be "at home" on that evening.

A new entertainment committee has been appointed consisting of Emil Frisch, Will Hill, Gerald P. Beaumont and H. E. McMahon. The club will enter upon a year of considerable activity, including a "Nile" night in the evening of May 5.

## DOWNTOWN ASSOCIATION TO ACT ON WATER DIST.

Two diametrically opposed resolutions relative to the proposed formation of a water district will be presented for action to the members of the Downtown Association this evening (Thursday) in Hotel Grellin. One is from the Alameda County Civic Association and the other from the Public Utilities League. Several important committee reports will also demand the attention of members.

### ORPHEUM

The magnificent art of Miss Olga Nethersole, as shown in the powerful portrayal she gives of the famous character of Sapho, is delighting the crowds at the Oakland Orpheum theater this week. Miss Nethersole is so great a star that her name alone would suffice to pack the house at almost any season. She is surrounded by a splendid company of English actors and her entire production of the third act of "Sapho" reflects the genius which has made her such a very great figure in the world of drama. Her engagement at the Orpheum closes on Saturday night.

The entire vaudeville bill this week is of unusual caliber, and could in truth be called a festival of talent. Close to the top of the list comes Herman Timbers, a remarkable youth, who will be remembered by many as the star in Gus Edwards' "School Days." The lad has developed into a wonder as a funmaker and a musician and his hit with the crowd each day is of a phenomenal variety.

### PANTAGES

Manager Pantages was unusually lucky this week in securing such mirth-provoking acts as Granville and Mack, impersonators of Italian characters; Walker's Happy Girls, with its comedians; Reed and Marshall and the Four Magnanias, with their musical novelty. Granville and Mack have been a riot all week. Their rapid-fire dialogue is awfully funny and when they come on the stage wheeling that hand organ, a veritable scream goes up. In Walker's Happy Girls there is a chorus of good-looking outdoor girls who are nimble dancers and have good voices, while Reed and Marshall, the pair of colored funmakers, are a host in themselves. Clinton and Rodgers are a classy duo, young people who can sing and dance and whose act is a veritable scream. Von Bracht has a splendidly cultivated voice which is heard to excellent advantage in four well chosen numbers. The one-act playlet of the week, "The Song of the Sparrow," a veritable gem and reminds one strongly of "The Little Master." Gunboat Smith is attracting his

### COLUMBIA

Mike and Ike have gone to the devil, that is, they are going with his Satanic Majesty this week in their newest musical comedy gem, entitled, "Oh, You Devil!" The Columbia theater has never stood sponsor for a more delightful entertainment. Dillion and King's current attraction, "The Devil's Own," mounted and brilliantly acted. The costuming this week is particularly pretentious and strictly in tune with the production.

"Oh, You Devil!" possesses a humorous plot and a series of most ludicrous situations. Ben T. Dillon and Will King are amusingly cast as Mike and Ike, two escaped convicts.

The comedians are given splendid support this week by Ivan Miller, Jack Wise, Honora Hamilton, Vilma Stech and Ernest Van Pelt. The musical program this week contains many lively songs. Honora Hamilton is introducing the latest Broadway song success entitled, "Everybody Snap Your Fingers With Me," while Jack Wise is winning many plaudits with, "I Love the Ladies." Several delightful selections by the Columbia orchestra, "Here Comes My Love Now," sung by Vilma Stech, and "That Devilish Rag," complete a most entertaining program.

The usual chorus girls' contest will be the feature next Friday night.

### BROADWAY

That there is nothing new under the sun is utterly disproved by that masterpiece of modern vaudeville, the Imperial Palace. Troupe of six Chinese master conjurers and musicians and daring acrobats, which heads the big Sullivan-Constantine show opening yesterday afternoon at the Broadway theater. The entire act, staged in gorgeous Oriental settings, is new from beginning to end, not one stale trick or athletic feat being presented.

The Imperial Palace Troupe has demonstrated that in magic and gymnastic agility the Oriental far surpasses the Occidental performer. These six Chinese perform tricks which are unfathomable, even by scientists—their sleight of hand is locked in the mysteries of the Far East, handed down from father to son.

The real thriller of the act is reserved for the last. Dong Ting Chew, a splendid example of physical manhood, climbs to the topmost tier of the balcony, fastens his quise to a pulley and slides, thus hanging by his hair, down a slender steel cable to the stage with the speed of a whirlwind.

Then there are four feature acts and three pictures in addition. Arthur Du-Mais, matinee idol, talks, recites and sings in a beautiful baritone voice; Prince Vaughn and Fitzsimmons, negro entertainers, in "A Bit of Nonsense"; Farley and Prescott, the shy girls and the village beau, in a dainty interlude; and Lottie O'Malley, the ever popular comedienne, in songs and chatter.

### OAKLAND PHOTO

The feature of the program at the Oakland Photo theater, starting today and continuing until Saturday night, promises to be a photoplay production which will stir wide interest, and comment among the many photoplay fans, featuring, as it does, the two well-known favorites, Alice Joyce and Guy Coombs. "A Celebrated Case" is a wonderfully vivid photo drama. The spectacular effects are very strong, well conceived and well executed, while the settings are superb throughout. In the course of the action scenes from the battle of Fontenoy are introduced. They afford eloquent testimony of the gigantic progress that has been made in the reconstruction of historic battles. The situations in this feature are at times very tense. Indeed, the story was originally written for the legitimate stage and had a remarkable run in France.

The acting is well up to the superior Kalem standard. Alice Joyce, who never fails to grace and adorn the picture in which she appears, displays her best skill in the rendition of her part. Guy Coombs makes a handsome hero in the part of Jean Renard, the gallant French officer.

### PETITION WATER CO. TO INSTALL MAINS

The Beulah Heights Improvement club, at its last regular meeting, decided to request the Railroad Commission to direct the People's Water company to install water mains in that section of Oakland. A petition has been presented to the water company, the petition having eighty signatures.

A letter received from the Pacific Gas and Electric company was read. The gas company is looking into the matter of furnishing gas in the Beulah Heights district. The association decided to affiliate with the United Improvement clubs and delegates will be sent to that body to join with the board in the annexed district. As President Hewett was absent, a committee on membership and a committee on social matters will be appointed by President Hewett.

The prevalence of mosquitoes and their eradication was discussed. A committee consisting of J. Oliver and C. T. Guttleben, was appointed to instruct the board of health in reference to ridding the community of this nuisance.

### BARGE DRAGS TUGBOAT UNDER; TWO DROWN

NEW YORK, April 14.—The strange submergence of the steel tugboat Arroyo by being dragged under by the barge she was towing, caused the death by drowning of two of her crew yesterday. The survivors were rescued by an oxygen diver.

The tug, with a barge in tow, was just swinging around the Great Bore which was on a short barrow, was struck by a sharp wind and veered to starboard, striking the barge under water. The tug sank immediately.

## PLAN NAVAL BASE FOR BAY SECTION

### Washington Officials Have Eye on Coast, Says Secretary Roosevelt.

SAN FRANCISCO, April 14.—That one of the great naval stations which experts are agreed should be established on the Pacific coast will be built on San Francisco Bay was the statement made yesterday by Franklin D. Roosevelt, Assistant Secretary of the Navy, at the luncheon given at the Palace hotel in his honor by the directors of the Pan-Pacific exposition.

Roosevelt said it was the consensus of expert opinion that two powerful naval bases would have to be established on the nation's western seaboard—one on Puget sound, the other on San Francisco Bay. He added that in time there would be need of at least one station of the second class—a species of naval outpost—which would be located in southern California.

While careful to point out that his statement was unofficial, the Assistant Secretary hinted that President Wilson would visit San Francisco and the exposition after attending the formal opening of the Panama canal immediately after the adjournment of Congress on March 4, 1915.

"In our department we feel that the work on the exhibition here is a national monument," said Roosevelt. "We look upon it as an expression of the part of this city and state of national gratitude for the building and the means of the world's exposition, and we can make our people realize that our service to both army and navy, are national institutions. On the Pacific coast

the navy has had strong support since the time when it may be said to have brought California into the union. We always have counted on the people here as understanding why we had to have a navy.

More than that, I think it will make this understanding national. Our department could not hope to bring about this result in less than ten or fifteen years without the exposition to point the way."

### CANNERS ROBBED BY EMPLOYEES, IS CHARGE

SAN FRANCISCO, April 14.—In the arrest of Arthur Albert Adams, a teamster in the employ of the California Fruit Cannery's association, the Burns detective agency yesterday took the first step in exposing a ring which, it is declared, has been systematically robbing the company during the last year to the extent of thousands of dollars' worth of merchandise.

Adams was arrested by Police Detectives Driscoll and Murphy at the offices of the California Fruit Cannery's association, 124 Market street, as he was about to go to work. He broke down and signed a confession implicating half a dozen employees of the firm, besides giving the names of water front restaurants, saloons, grocers and private individuals to whom he had peddled the loot.

Charles B. Carr, secretary of the association, declared that those employees who stole from the company will be discharged. Warrants will be issued for their arrest and prosecution follow for petty or grand larceny, as the size of their thefts may be proved. The firms and individuals who received the stolen goods will also have to answer in the police courts.

The Cannery's association for more than a year has been missing hundreds of cases and loss of fruit.

Thousands of dollars' worth of merchandise.

### TURN HAIR DARK WITH SAGE TEA

Grandma Kept Her Locks Dark, Glossy and Thick With a Simple Mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandma's treatment, and folks are again using it to keep their hair as thick, even color, which is quite desirable, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though we don't have the troublesome task of gathering the sage and the mussy fixing a home. All drug stores sell the ready-made product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and use this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft, silken, even color, which is quite desirable, as we are living in an age when a youthful appearance is of the greatest advantage.

## DIFFER OVER UNIVERSITY SHAKEUP

President Wheeler and Prof.  
Magee Give Versions of  
Woman's Removal.

UNIVERSITY OF CALIFORNIA, April 15.

The university stated this morning that the resignation of the physical education department by which Mrs. Georgette E. Magee's connection with the women's department is terminated was due to a division of opinion between the women's department and to the fact that Mrs. Magee was desirous of being relieved from her position. "I have been declared President Wheeler," to separate the department of physical education into two divisions, the one for men and the other for women, Mrs. Magee having been for at the head of the women's work, it has been decided to place in charge of the university of three years' standing, who has been in the physical education department. This will not be a change in the men's physical education department.

Two objections to the proposed change by which Mrs. Magee is to leave her work have arisen, one from a number of students, and the other from a number of physical culture, the other from her husband, Professor Walter B. Magee, head of the men's department of physical education. Professor Magee's story of his wife's dismissal differs from that of the president.

**CALLS SALARY "JOKES."**  
Professor Magee said last evening in an interview:

"I was called to the president's office Monday morning and was told that a reorganization was to take place in the physical culture department. My wife and her two assistants, I was told, must go. I asked the reason and was told that the university desired women with academic degrees in these positions and that it did not want a man and his wife in the same department. This is the result of the present-day system of doing things without ordinary courtesy. We don't care a bean about the salary. The university is a free country, and it was not for me to choose."

**PROTEST REMOVAL.**  
Miss Lela Place and Miss Mary Shafter, assistants of Mrs. Magee, also have their places in the department with her. The protest against Mrs. Magee's removal was drawn up yesterday evening. To-day several copies were being circulated among the women students in Mrs. Magee's several classes. As soon as all possible signatures are secured, it is expected the petition will be presented to President Wheeler. It reads as follows:

In consideration of the ability and first-class service rendered by Mrs. Magee, Miss Place and Miss Shafter, the women of the physical culture courses of the university will be protesting the removal of Mrs. Magee and her assistants from the department."

## NOVEL CONCERT FOR SCHOOL CHILDREN

BERKELEY, April 15.—The series of young people's concerts at the Berkeley high school auditorium will be continued with a concert there Wednesday afternoon, April 22, when a wood wind ensemble will make its appearance. This will consist of picked artists from the orchestras of San Francisco and the instruments, alto, saxophone, gaviote, and violin. Gracie Ormay will accompany these players at the piano. The following program is announced:

Sextet in B flat major, Thullie, for six instruments: alto, saxophone, gaviote, and violin. Quartet for flute, oboe, clarinet and piano. Caprice on Russian and Danish airs, Saint-Saens.

Bringing the concert will be a description of the several instruments engaged, to be given by William Edwin Chamberlain, who directs the concert. As each instrument is mentioned it will be played by its performer to permit the tone to become known to the audience.

Tickets of admission to those who do not already hold them will be procurable at the door. It has been planned to make the concert as interesting to adults as to the school children for whom the series is primarily planned.

## Success Crowned Derdra New Parthenia Planned

## Annual Performance to Be Continued Another Year

UNIVERSITY OF CALIFORNIA, April 15.—Despite whispers to be heard a few days ago about the campus, that the women students, deciding two years ago to give an annual Parthenia, had chosen a task that would pay in time, the plan now firmly instituted will not be abandoned. It has been decided to continue another year at least the Parthenia, and plans therefore will be laid before the end of the present semester.

The Parthenia given this week, in which Miss Barbara Nachtrieb, essayed the leading role of Derdra, involved a very large amount of preparation. For months groups of dancers, who appeared in the production, had been training, giving much of their college time to their preparations. In order to make this possible, the university authorities had permitted credit toward a diploma to be given for their dancing practice.

The principals as well, to say nothing of numerous committees on arrangements, costumes, tickets, scenery and the like, lost much of their time in preparation for the event.

It is generally felt on the campus today, however, that the success of "The Dream of Derdra," the Parthenia of this year, was such that the women of the university are justified in the plan made. There are already in the hands of the committee several Parthenias submitted in contemplation of this year.

## ENDS LIFE BY TAKING CYANIDE

ALAMEDA, April 15.—As a result of a fight with a woman, John Schwarzwald, 35, of 1044 Central avenue, died last night at the residence of C. W. Shaw, 3105 College avenue, watching for an apparition that did not appear. It was the face of a woman, a deceased friend of Charles C. Hild, of the Shaw family, which Schwarzwald saw in the darkness of a hallway. Apparently having no intention of submitting to scientific examination, the mysterious face did not appear last evening.

## PROFESSORS WATCH FOR APPARITION

BERKELEY, April 15.—Two professors of the university kept vigil in silence last night at the residence of C. W. Shaw, 3105 College avenue, watching for an apparition that did not appear. It was the face of a woman, a deceased friend of Charles C. Hild, of the Shaw family, which Schwarzwald saw in the darkness of a hallway. Apparently having no intention of submitting to scientific examination, the mysterious face did not appear last evening.

Those who waited to see it were Professor Charles H. Rieber and Professor George N. Stratton, of the department of philosophy of the university. They went in the evening to the Shaw residence and were shown where Hild declared he had seen the apparition. After some time, when the fact had not appeared or shown signs thereof, the professor retired, after questioning the members of the family.

"I investigated the so-called 'Pottergeist' in a San Francisco perfume shop several years ago," said Professor Stratton. "Of course, this is a different phenomenon. But we found no answer. In the case of the Pottergeist, the furniture was smashed and bottles were thrown around. The same sort of phenomena has recently occurred in a railroad freight house in South Carolina."

## CASE NOT ENDED

"Mother" Jones Release May  
Have Supreme Court  
Complications.

DENVER, April 15.—"Mother" Mary Jones, held as a military prisoner in the Walsenburg jail was released today according to an official announcement made by Governor E. M. Ammons. A writ of habeas corpus issued by the Colorado Supreme Court was returnable April 15.

The release of the aged strike leader was simultaneous with the departure of the last state troops from Huerfano county, according to the governor's announcement. Horace N. Hawkins, attorney for Mrs. Jones, said she probably would come to Denver for a conference with him.

He declined to say whether further action would take with regard to the habeas corpus proceedings.

The announced theory of the military authorities is that the release of the prisoner does not constitute disrespect to the Supreme Court and that as a free agent she can appear in court voluntarily if she wishes to the Alameda sanatorium. As far as is known, he had no relatives. Chalmers was 35 years of age and a native of Scotland. The funeral will be held tomorrow afternoon at 2 o'clock from Moore hall and will be under the auspices of Alameda Lodge of Moose, of which deceased was a member.

## Dog Case Suspended, And Thereby Hangs Tale of Dogged Woe

ALBANY, April 15.—In two minutes last evening was settled for the time being the case of the people of the state of California vs. John Brown and his dog.

"I suspend sentence on the defendant for a period of three months. Court is adjourned."

So declared Judge Paul in his courtroom last evening where a crowd of Albany residents filled the room to the doors. Brown was arrested by Marshal John Glavinovich on the charge of keeping a vicious dog unmuzzled. Brown, a recall leader, declared that Glavinovich, a foe to the recall, had been moved by political reasoning. The marshal denied this. Brown's first trial resulted in a disbarment, the jury being out from 10

## C. F. McDONALD LAUDS OAKLAND

Former Candidate for State  
Printer on Visit from  
Southern California.

C. F. McDonald of Los Angeles, widely known around the bay region and candidate three years ago for the office of state printer on the Republican ticket, was in Oakland today for a few hours, en route to Tuolumne county, where he has mining interests. McDonald was for years connected with the H. S. Crocker Company of San Francisco, and has a large acquaintance among the newspaper fraternity. For the past sixteen years he has resided in Southern California.

"I can see wonderful improvements since I visited Oakland some three years ago," said McDonald. "The new City Hall, the Hotel Oakland and a number of your skyscrapers were not built then, and I hear that Oakland has been making rapid strides during the last few years."

"Down in my home town property is holding its own. There is more money in the banks of Los Angeles today than ever before and things are beginning to loosen up and get easy. Transfers run from \$40,000 a day, while it is almost impossible to purchase a ranch at what one would term a bargain. Once in a while a piece of realty can be picked up, but as a rule the market values are maintained."

"Outside investors have been heaviest from Canada and Iowa. I believe we have at least 20,000 Californians who have purchased tracts inside of a radius of 40 miles of Los Angeles, and the Iowans are a close second. The report that our winter residents do not spend any money with us is untrue. The capitalists and well-to-do Easterners who pass their winters in the south spend their money with us and are counted as a large asset of the city."

"As to politics—Governor Johnson polled a big vote in Los Angeles three years ago, but a large number of men who registered as Progressives at that time have since registered as 'non-partisan,' so you see there is a change. The old-line Republicans are swinging in line down there and will, I believe, carry everything before them south of the Tehachis."

McDonald is not seeking public office, but is engaged in the realty and brokerage business in the southern metropolis.

# In All Piedmont, With Its 1,000 Beautiful Homes, Less Than 100 Homesites With a Marine View Remain Unsold.

PIEDMONT  
LOTS PURCHASED  
AND LARGELY  
COVERED WITH  
FINE HOMES

MARINE  
VIEW LOTS  
REMAINING  
UNSOLD

Piedmont is growing so rapidly—in seven years having DOUBLED in population and TREBLED its valuation—that the time is now near at hand when homesites in this beautiful garden city will no longer be available.

Piedmont building permits show 7000 HOMES as much construction per capita as in Oakland or San Francisco.

Scores of magnificent homes have been completed within the last year and a half.

Therefore, in offering to the public, as exclusive sales agents, forty-eight villa sites constituting the Crocker Tract, Piedmont, we desire to point out that this is an opportunity that will not come again.

No such selection of large level sites with AN UNOBSTRUCTED VIEW of the city and bay will—or can—ever be offered in the future.

AND FURTHERMORE, the prices that have been fixed on the forty-eight sites, constituting

the Crocker Tract, to effect IMMEDIATE SALE, are ridiculously low. They are actually a mere fraction—from one-third to one-fourth—those being asked for any other property in the bay cities with a similar class of residences.

It is almost impossible to have a place with large gardens and grounds—in a climate free from fog and wind—in a neighborhood of established social distinction—with an incomparable approach around Lake Merritt and its chain of parks—and within fifteen minutes of the center of 300,000 people on the east shore of the bay at the SAME price you would have to pay for a narrow lot in the crowded city.

In order to take advantage of this remarkable opportunity, we earnestly urge that you communicate with this office in advance of the special sale.

Telephone Oakland 1750 for an appointment to visit this property.

Write for maps and price list.

## Answers to Queries

**Answers to Queries.**

MRS. P.—You could use a rather flesh colored powder or white. I do not use a deep pink powder on my face. It is not always necessary to apply a cream before using powder, but it is the best if the face is a little rough. It keeps the skin soft and smooth and always protects the face from the wind and cold. I shall send you my formula for cold cream if you will send me a stamped, addressed envelope.

ALICE—The only thing I can suggest for you to do now is leave your hair alone. The curls will gradually wear off, but, of course, the hair will look streaky for awhile. Take good care of your hair, giving it a good shampoo about every three weeks. If you care for a shampoo for your hair I shall gladly send it to you if you will send me the required stamped, addressed envelope.

E. F. —I would not advise you to get the purple suit. The green would be becoming to you. A girl with blue eyes can always wear blue becomingly. However, you can wear almost all the shades with the exception of a dull brown and purples.

HELEN F.—I know of nothing that will help your trouble. Consult an oculist; perhaps he can help you.

## HEAR ARGUMENTS FOR TEMPERANCE AMENDMENT

WASHINGTON, April 16.—A subcommittee of the Senate judiciary committee today heard arguments by representatives of temperance and other organizations from eastern states in favor of a constitutional amendment for national prohibition. Witnesses argued in support of the motion introduced by Senator Sheppard.

## SOIREE DANSANT PROVES BRILLIANT SOCIAL SUCCESS

### BEAUTY AND SPLENDOR AT RAIL

Magnificence of Gowns and  
Dancing Specialties Feature  
of the Evening.

The soiree dansante held at the Hotel Oakland last night was generally conceded to be one of the prettiest of the season.

There were three smart weddings earlier in the evening, the Mauvais-Dowds wedding, that of Miss Lucille Boyne and Charles Kutz at St. Paul's church and at Berkeley the marriage of Miss Lucille Berkeley to Edgar Montgomery Whitlock. From these many of the guests went to the Hotel Oakland dance, coming in a little late, in troops of beautifully gowned women and conventionally garbed men, radiant with happy spirit of the evening. It made a gay, brilliant effect and the costumes worn were unusually handsome.

The dance was voted a delightful aftermath of the weddings, since these are usually early affairs that frequently leave guests with no place to go but home at 11 o'clock.

Most of the tables at the supper dance were filled by half past ten, and a little later Miss Dorothy Smoller and Thomas Allen Rector gave their exhibition dances. Miss Smoller was gaily and pretty in a costume of pale blue and pale pink tulle, with lace draperies, that was quite Parisian in effect. She wore a lace cap and her hair in schoolgirl curls. Of the dances the most interesting was the Lame Duck waltz of New York, that had not been seen here. The tango and the Maxine were not different from those danced by Oakland and San Francisco society.

Between their numbers there were one-steps and hesitation waltzes for every one and the last of the soiree dansante series proved society's proficiency in the new steps.

**BEAUTIFUL GOWNS.**

Among the most beautiful gowns worn was that of Mrs. Frank Mercer Davis, who was with a party of guests from the Mauvais-Dowds wedding. It was of all-over white lace of exquisite mesh and draped most gracefully.

Mrs. Robert Hillard Collins, who was in the same party, wore another handsome creation of cloth of silver with touches of black velvet. A pearl necklace was an effective addition to the costume.

There were an unusual number of white costumes. Mrs. Vance McClymonds was in white brocade with silver lace, and Mrs. Fred Vickery, also in the party, was in white.

Mrs. William Milwain wore white satin with chiffon and lace.

Mrs. Julius Morton was in soft white tulle and Mrs. William Ellett in gown of white charmeuse.

Miss Olsen wore one of the prettiest of the white gowns, in soft brocade, slightly draped.

Mrs. H. C. Capwell was in black charmeuse with handsome lace trimming, and Mrs. Charles Gilman was also in black.

The supper dances that have been so interesting and successful during the winter and spring will be continued next season and will doubtless be established features of the coming years in Oakland society.

### COXEY HAILS ARMY CRASH INTO TREE

Call of Bugle Assembles About 200; "General" and Wife at Head.

MASSILLON, Ohio, April 16.—Headed by "General" and Mrs. Jacob S. Coxey in an old phaeton drawn by a mule, the second "army" of the commonwealth, about 200 strong, assembled at the call of a bugle to march on Washington at 10 o'clock today.

From shanties along the railroad tracks outside the city limits, from the Socialist hall and from the city prison the men gathered. The police released all vagrants from prison who promised to leave town with the "army."

The Rev. Harry L. Wilson of Rockdale, Pa., official chaplain of the "army," offered an invocation before the start of the march to Washington, praying for the success of "General" Coxey's program. In and out among the ranks of the "soldiers" rode little David Coxey, the 11-year-old son of the "general," clad in a khaki suit and mounted on a pony. He is the official courier for the "army."

At a mass meeting held in the city hall last night "General" Coxey outlined his plans.

Several thousand persons assembled today to witness the departure of the "army." A large corps of newspaper correspondents and moving picture men followed the march.

## JAIL BANK THIEF SUSPECTS

### POLICE WIDOWS CITY TO GREET WILL MAKE N. STRAUS AS FIGHT GUEST

Members of the Widows and Orphans' Aid Association of the Oakland police department have decided to make a fight to have the wives of retired members of the police department given the same protection as those in the active force followed the insurance of the Aid Association.

The action was taken at the annual meeting for the election of officers and the transaction of the business of the association held at the city hall yesterday afternoon.

There has been a decision of the city attorney that the insurance of \$1000 is not to be paid to the widows of an officer who has retired from active service. Despite this fact dues to the Widows and Orphans' Association are collected from the pension money each month which is paid to retired officers. The men of the police force believe that in case of the death of these retired men their family should receive the regular benefit.

### NO ANNUAL POLICE BALL.

There will be no annual police ball this year as the result of the vote taken by the association yesterday. It is declared that the decision not to hold a ball had no connection with the trouble concerning the sale of liquor at the last police ball but is due to the fact that the men of the department are adverse to the idea of going to the merchants and business men of Oakland each year and soliciting financial aid from them in the matter of purchasing tickets to the benefit ball. There is now a large fund in the bank which is drawing large interest and the income of the association from interest on their investment and from annual dues, is deemed of the association and pay or cleared to be sufficient to meet the ordinary needs of the force.

### ELECTION IS PRECEDENT.

The organization departed from former precedent in that an open election of officers was held. In former years a nominating committee had brought in a report recommending the re-election of the officers who have held positions since the organization of the association about six years ago. The members decided to hold an open election this year and slight changes were made in the board of directors.

Those elected were as follows: President, Chief of Police W. J. Petersen; vice-president, Captain J. F. Lynch; recording secretary, Lieutenant William Woods; financial secretary, Sergeant Frank Ahern; treasurer, J. M. Holland; trustees, Lieutenant Fred Shaver, Captain C. H. Beck, Captain Thorwald Brown, Sergeant Charles Hemphill.

Ahern succeeds Corporal John Fahy, and Hemphill succeeds Inspector Charles McCarthy.

### 'SHOE CLASS RISE'

When the schoolboy, with his shining, gleaming face, "scuffs" his shoes and draws bills for half-soles or new shoes on his father's head, he's adding to the high cost of living—that he was, but now it's different. Every boy may now be his own cobbler. Instead of paying to his cobbler, "Young man, I'll have you pay to have your shoes fixed," father may now say, "Young man, march right out to the woodshed and fix those shoes."

Cobbling is the latest course to be taught in an Oakland school and 70 pupils of the Franklin school in East Oakland are now stuffing the new lesson. A full shoemaking equipment has been placed in commission by the school Parent-Teacher's Association, and with this and a practical teacher, the boys are learning of the repair and care of footwear. The course may soon be duplicated in other schools.

### 'SHOE CLASS RISE'

When the schoolboy, with his shining, gleaming face, "scuffs" his shoes and draws bills for half-soles or new shoes on his father's head, he's adding to the high cost of living—that he was, but now it's different. Every boy may now be his own cobbler. Instead of paying to his cobbler, "Young man, I'll have you pay to have your shoes fixed," father may now say, "Young man, march right out to the woodshed and fix those shoes."

Cobbling is the latest course to be taught in an Oakland school and 70 pupils of the Franklin school in East Oakland are now stuffing the new lesson. A full shoemaking equipment has been placed in commission by the school Parent-Teacher's Association, and with this and a practical teacher, the boys are learning of the repair and care of footwear. The course may soon be duplicated in other schools.

## WANT A COUNTY FARM ADVISOR

Commercial Bodies to Meet at Pleasanton Saturday and Discuss Project.

Representatives of the commercial organizations of Oakland will gather Saturday at Pleasanton when, at the request of the county board of supervisors, the county farm advisory board will meet to frame their call for a county farm advisor, working in conjunction with the University of California and the United States department of agriculture. The plan was started some time ago, when the Livermore, Pleasanton and other agricultural communities, with the Associated Chambers of Commerce of Washington township and the San Leandro chamber, took up the matter, and later secured the endorsement of the big organization of Oakland.

The plan is to have an expert advisor, appointed by Dean Thomas Forsyth Hunt, to take up all problems of soil and planting faced by the farmers. This expert will be paid partly by the board of supervisors, partly through a farmers' association to be formed Saturday.

Such farm advisors are employed in the southern counties of California, and in many other parts of the United States.

Secretary A. A. Denison of the Chamber of Commerce, Managing Director of the several other prominent Oakland organizations, was invited to attend today by the board of supervisors, who made a trip to Oakland to see this institution. The invitation was accepted.

He will be met by the mayor and delegation of city officials and shown over the site, which was inspected on three different occasions recently by McKay. This site immediately adjoins the great Standard Oil plant and is at the terminal of the four pipe lines extending from deep water and almost directly opposite the Golden Gate.

## MUNICIPAL WORK TO BE DONE BY OAKLAND MEN

Compliance with the agreement that only Oakland workmen are to be employed on municipal work was demanded by Mayor F. C. McKee and members of the city council today when a delegation from the Building Trades Council appeared to complain because the Pacific Steel Company, a sub-contractor of the city, had employed workmen from other cities. There was a long talk in the council which permits the employment of workmen and superintendents who are non-residents, and the Pacific Steel Company appeared to this, but agreed to employ only union workmen on the job. A similar promise was made by Christensen, head of the head contractors on the auditorium. Investigation will be made by Commissioner Harry S. Anderson of the charge that a third of the carpenters on the Manual Training and Commercial High School job are San Francisco men.

## MONEY WANTED

**A GOOD RESOLUTION.**  
Just this: Keep your funds (and don't ignore small amounts) safely and profitably invested in LOMBARD & SON, INC. FIRST FARM MORTGAGES.  
When you have \$20 or any larger amount on hand not needed at present, invest it in a certificate and have it earn 6%. When you have paid in 20 installments of \$20 each you get a \$400 certificate or 1-10th of a \$4000 mortgage on property worth over \$12,000.  
If you have \$400 you may pay for the certificate in one payment, or buy as many certificates as you desire, or you may purchase an entire first mortgage farm loan, \$500 up to \$10,000. You will be surprised at the resultant profit.  
We shall be pleased to further explain these investments.
